## PERSONAL INFO

Date of birth: February 4, 2000
Place of birth: Poprad, Slovakia
Nationality: Slovak
Health status: No limitations
Permanent residence: Poprad
Currently living in: Bratislava

## ABOUT ME

According to my colleagues and friends, I am able to work independently as well as collaborate effectively within a team. I enjoy creative work and building something unique. I approach my work responsibly and I'm not afraid to think outside the box. Sometimes I take a bit longer to finish tasks, mainly because I focus strongly on detail and quality (in this, I agree with Steve Jobs).
I have 3+ years of experience with Flutter in frontend development. At APONI, I worked on a mobile application used to configure their holographic projectors. Currently, at TatraMed, we are developing a web version of TomoCon for medical purposes. In my free time, I'm also developing a Flutter mobile app with my brother that includes an e-book reader and podcast streaming for a Catholic organization.

## WORK EXPERIENCE

*07/2023 – Present*
*TatraMed s.r.o. – UX/UI Designer & Flutter Frontend Developer*
*Working in an Agile team*
*10/2022 – 03/2023*
